TRUTH-IN-SAVINGS DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts:

- 1. Rate Information.** The Dividend Rate and Annual Percentage Yield on your accounts are set forth above. The Dividend Rate and Annual Percentage Yield may change at any time as determined by the credit union. Money Maker accounts are Tiered Rate Accounts. For these accounts, the specified Dividend Rate for a tier will apply to the entire account balance if the balance falls within the range for that tier. Youth Savings accounts are tiered rate accounts. For these accounts, the dividend rate applicable to a particular balance tier will apply only to the portion of the balance that is within the balance range for that tier. The Dividend Rates and Annual Percentage Yields are the prospective rates as of the effective date shown above.
- 2. Nature of Dividends.** Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period. The Dividend Rate and Annual Percentage Yield set forth above which the Credit Union anticipates paying for the applicable dividend period are accurate as of the Effective Date.
- 3. Compounding and Crediting.** Dividends will be compounded and credited as set forth above. The Dividend Period for all dividend bearing accounts begins on the first calendar day of the dividend period and ends on the last calendar day of the dividend period as set forth above.
- 4. Accrual of Dividends.** Dividends will begin to accrue on non-cash deposits (e.g. checks) on the business day you make the deposit to your account. If you close your account before accrued dividends are credited, accrued dividends will not be paid, except IRA Accumulator or and Money Maker accounts.
- 5. Balance Information.** The minimum balance required to open each account is set forth above. For Money Maker, Regular Checking and Super Draft accounts, the minimum balance required to avoid a service fee is set forth above. If the minimum balance is not met, there will be a service fee as set forth on the reverse side. For Savings accounts, the minimum balance required to obtain the stated Annual Percentage Yield is set forth above. If the minimum balance is not met, you will not earn the stated Annual Percentage Yield. For all dividend bearing accounts, dividends are calculated by the daily balance method which applies a daily periodic rate to the principal in the account each day.
- 6. Account Limitations.** For Money Maker accounts, transaction limitations will apply. No more than six (6) preauthorized, automatic or telephone transfers may be made from these accounts to another account of yours or to a third party in any calendar month, and no more than six (6) of these transfers may be made by check, draft, or debit card to a third party. If you exceed these limitations, your accounts may be subject to a fee or be closed.
- 7. Fees and Charges.** The fees and charges applicable to your account, set forth in the accompanying Account Rate and Cost Recovery Schedule, will be based on your participation with the Credit Union and may change monthly. The rates appearing in this Schedule are accurate and effective for Savings and Checking Accounts as of the Effective Dated indicated above. The minimum balance required to avoid a monthly fee is based on the average daily balance.

If you have any questions or require current rate information on your accounts, please call the Credit Union at 800.856.7328.
