The Credit Union Connection from CU at Work

At Rogue Credit Union, we're proud to provide education and insights that help you achieve your financial goals. In this edition, we'll explore how to make the most of your holiday budget.

Navigating Today's Economy: Home for the Holidays

The holidays are all about connection—gathering with loved ones, sharing traditions and making memories. Whether you're flying home, hitting the slopes or taking a cozy road trip, a little planning can make holiday travel easier on your wallet.

Start by setting a travel budget and saving a bit each week.

Look for midweek flight deals, consider alternative airports, and use rewards programs—like [1% cash back*](#) on every purchase with Rogue's Visa Platinum card—to stretch your travel dollars. With smart saving and spending, you can focus less on finances and more on what matters most: Celebrating the season with the people you love.

New Year, Ancient Traditions

Over 4,000 years ago, the ancient Babylonians may have invented the concept of New Year's resolutions. While they celebrated the new year in March, their resolutions sounded a lot like the ones that we make today: Repaying debts in hopes of good fortune for the year ahead.

If you're making resolutions for 2026, our financial education resources can help. Explore our [Dollars and \\$ense](#) blog for tips and tricks to manage debt, boost your savings and make your resolutions last longer than January.
